

SGN (Signature Global Network) FAQ

Question: How many members do you have now? What is your plan for the number of members?

By early Aug. 2022, for example, we have 80 + member locations and receive regular monthly applications. However, we are aiming at about 5-10 members increase each month because we are very selective. We don't get members very fast or in a rush unless they are very qualified.

We have filtered quite some members because we thought they were unsuitable.

You can peek at some of our current members [here](#).

Question: What benefits can I get straight away by joining you? Instead of waiting for a while to get help?

You can visit our Benefits page to see all [benefits](#).

After paying your membership fee, immediately, you will get the below benefits:

We have a monthly 350,000 audience because of our branding with ITJ Daily and our good partner, The Loadstar, who is the top logistics media; plus, we have thousands of social media audiences through LinkedIn, IG, Facebook, Twitter, YouTube, and Podcast channels.

By partnering with us, you will save up to USD10k+ per year to do your branding.

Qualified members in our network and daily/weekly/monthly potential new partners for your business growth and support.

United Network Family Group supports you and listens to your voices promptly.

7/24 Support & Response on your logistics Inquiries from the SGN team or/and SGN members.

You will find genuine friendships, people with great dignity and mindsets, and much more. Please visit our website for more or email us to ask more questions.

Question: What is going to be your network become in the future?

It will be the irreplaceable network that helps all its members to thrive in the business.

We will have more and more members that you cannot find through any other networks to join us. In the short-term, we shall have 100 member offices the first year, then up to 250+ the 2nd year, and healthy yearly growth.

We are not aiming to be reaching to 10K members because it will lose its quality. However, we will grow bigger and cover everywhere in the world to a healthy number, and we aim to bring logistics heroes to our network because we want to make a difference.

We shall consider the network to have specialists in three main areas in long-term freight forwarders, supply chain, and e-commerce.

We will have members everywhere in the world and functioning as part of the network of family members to help each other.

We will bring all kinds of logistics experts in our network to SGN- the logistics superhero HQ, to save the day for logistics people.

We believe that our network is going to become the unique and irreplaceable one.

Question: Do you have any limitations per country?

Yes, we have a city limit, and some small countries will be per country. It is between 3 to 5 depending on the membership type because we receive members for Freight Forwarding/Logistics-Ecommerce and Logistics Supply Chain. Our goal is to bring partners, not competitors.

Question: What benefits or special offers could I get if I join now?

You will have to submit your application [through here](#).

Then send us an email to enquire about any special offers.

We do not usually offer discounts at all, but we are open to discussing good valuable packages to ensure you get more than what you pay.

For the first year, if you join, you will still be one of the SGN Founder Members.

Question: Why can't I join later rather than now?

Because SGN is growing daily, and the earlier you join, the earlier you can start enjoying all benefits and having someone like us to share your burdens and thrive in your business.

You can consider joining later, but some places may have the slots filled already, so you may need to wait longer until it becomes available (or it may never be open again.)
